What medications? _____

How often do you plan on bringing your dog to Day Care? _____

What are your goals for DayCare? _____

I understand that doggie daycare at Waggin'Tails Junction can be physically demanding on my dogs' joints, muscles, and feet. While all precautions are taken to prevent injury, some dogs may physically exert themselves causing an unintentional injury. Dogs may be given breaks from the group if they can not demonstrate self preservation and are over stimulated by the group or activity/movement of the group.
